Discussion

A draft version of the 371 DOP responsiveness summary was distributed. All of the CDPHE comments were discussed and the Site response. Several modifications to the DOP and the responsiveness summary were made as a result of the discussion. At the conclusion of the meeting, it was agreed that there was one outstanding issue, CDPHE comment 34 pertaining to RSOP notification. James was particularly concerned with notification with respect to RCRA closures, and felt that an additional notification would be required for RCRA closures. It was agreed that additional consideration needs to be given to this issue.
